Marc,
For future emails, please remove the CO from the chain of emails (my fault, I added him at first).

Subject: RE: Urgent Request Uniform members for OPS for tomorrow (Feb 4th)
Good evening,

As it stands, we will only have 5 marked vehicles to deploy to OPS. We identified 6 members and will rely on SII for the other four to fill these vehicles. We could use an additional 10 members to back fill our surge capacity since we had depleted this to respond to the OPS request. This accounts for 14 members. Efforts will be made throughout the day tomorrow to locate more marked vehicles and only then will we be able to deploy additional members to this task.

On another note, are any of these members available to work over the weekend? The team here will be working on the weekend schedule tomorrow and will need to identify members to fill these positions. We are currently looking at the regular 27 members to cover our day to day. Additionally, we have committed another 6 to Gatineau Police and this does not include what we will be able to offer Ottawa Police Services. All this to say that we will need as many as we can identify to work day shift on Saturday as well as Sunday.

Are these identified members able to work this weekend?

Thank you for your assistance,

Marc

Marc

Numbers still coming in for my areas but will be over 35 and counting for sure that are supposed to report by 0800

Hopefully there will be a plan for those members

Subject: Urgent Request Uniform members for OPS for tomorrow (Feb 4th)

Good evening,

As it stands, six members (three vehicles) will be deployed to OPS tomorrow morning as requested. Two more marked vehicles have been identified for our use but traffic section must bring these vehicles to TPOF to have the hard drives removed prior to our being able to use them. Also, depending on the number of SII members available, this will be above the six currently deployed. Would it be possible to know who these members must report to and at what time? This will allow these members to deploy in a timely manner.

Night shift members are currently coordinating the transport of the first three vehicles from TPOF to 1200 Vanier Parkway so that they be ready for deployment in the morning. Traffic members will communicate with our office once their vehicles will be ready for pick up. This means that these two additional vehicles will not be deployed as early as the first three. SBAs will be brought to Leomont for use by members and will be stored on the second floor of Leomont building.

Official request for the additional 50 members will be sent this evening to your attention for authorisation which will be sent to identified contract Divisions. Hopefully we will get answers sometime prior to the weekend.

Kind regards,

Marc

Subject: Urgent Request Uniform members for OPS for tomorrow (Feb 4th)

Importance: High

Marc , Rich

Hate to add so much pressure but we are being asked to provide support to OPS starting tomorrow. We need to try to muster as many uniform members as possible for tomorrow morning while we continue to pursue the solid plan that we had established this afternoon.

I see the next few days unfolding in two parts:

Part 1: Shot gun members to OPS. It will be very disorganized, but we will try to send as many members to OPS (up to our 50 commitment) that we can muster starting tomorrow (an until our plan is established). Make use of the member surge capacity we had dedicated to Protective Ops and re-direct them to OPS and whatever else we can get. **NOTE: if all we get is 5 to 10 members , then so be it. Anything else will be bonus.**

Part 2: Continuation of the established Plan: pursue the 50 member rotational plan that we have started to coordinate (and negotiate with OPS) and hopefully, within a few days that will take it's own rhythm.

- Mike Maclean is CC'd. He will reach out to his SII teams and will send whatever he can muster. They will be asked to present at the MESS at 0800hrs in uniform.
- Karl Boudreau will show up in uniform to assist in whatever you need him to do.
- We will need to organise meals and breaks.
- Jim Efford will drop by to support also.

Thanks to all for your work and dedication to this mission.

Mitch
